

## Group Work Assessment Checklist

**Student Name:**

**Date:**

| <b>When working in a group the student:</b>  | <b>Always</b> | <b>Sometimes</b> | <b>Never</b> |
|--|---------------|------------------|--------------|
| <b>1.</b> Listens quietly to the other group members.  |               |                  |              |
| <b>2.</b> Waits for the speaker to finish before speaking.                                   |               |                  |              |
| <b>3.</b> Makes comments and submits ideas that are on topic.                                |               |                  |              |
| <b>4.</b> Disagrees with others opinions without getting angry.                              |               |                  |              |
| <b>5.</b> Tries to meld his ideas with other ideas.  |               |                  |              |
| <b>6.</b> Encourages other group members.  |               |                  |              |
| <b>7.</b> Asks questions when they don't understand another group member.                    |               |                  |              |
| <b>8.</b> If the group has a problem, the student takes part in the problem solving process. |               |                  |              |
| <b>9.</b> If a specific group role is assigned, he stays on task.                            |               |                  |              |
| <b>10.</b> Keeps the group on track with the time allotted for the activity.                 |               |                  |              |
